

# Apparel Services

*Apparel is a perishable commodity that has inspired us to develop ways to more efficiently move materials among the supplier, manufacturing centers and the customers. We understand that breakdowns in the supply chain can be detrimental to apparel marketing plans and budgets. That's why we offer specialized Garment-on Hanger (LD7) air containers for your finer fashions along with a myriad of expertise to ensure your products arrive on store shelves in time for the season's fashion blitz. We are your shipping experts to and from the United States, Central America and the Caribbean.*
