

You don't have to go to the ends of the earth to improve your apparel supply chain.

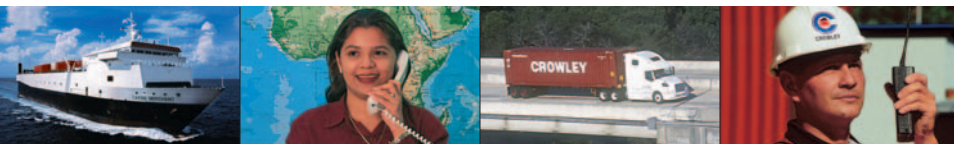

Source in Central America, the Dominican Republic or Haiti, and trust Crowley's liner services and logistics capabilities to provide unmatched *Speed to Market*.

Importing your goods from the Far East may seem like a good way to go. But it's a long, slow way to go. That's why many apparel manufacturers take advantage of Crowley's *Speed to Market*. For starters, Central America is right next door, so transportation time is minimal. Plus, with the fastest transit times and 9 weekly sailings between Central America and the U.S. Gulf and East Coasts, no one gets you there and back quicker or more often. But that's only part of the *Speed to Market* story. We also offer a world of logistics services, such as air freight, inland transportation, warehousing, freight forwarding and distribution throughout the U.S. and Central America. We make booking reservations and tracking

shipments a cinch with our secure website. We provide U.S. Customs brokerage services for both air and ocean shipments. And since Crowley is one of the few shippers who are fully validated by U.S. Customs for the C-TPAT security program, you can be sure that your cargo will receive extra-quick clearance. Put it all together, and no one speeds your goods to market like Crowley's *Speed to Market*.

So you can spend months circling the globe. Or you can take your supply chain operation to a new level of efficiency with Crowley's *Speed to Market*. For more information, call 1-800-CROWLEY or visit www.crowley.com.
