

# Beauty Meets Brawn

Designing Boats that Work as Hard  
as You Do for More than 50 Years

Jensen Maritime, a recognized leader in the field of naval architecture and marine engineering, has experience in designing and modifying virtually every type of vessel, including all types of workboats. As a full-service firm, Jensen manages projects from the concept through construction. Jensen vessels are designed for performance and efficiency. They're built to last.

Complete services include:

- **Naval Architecture & Marine Engineering**
- **Hydrodynamics, Hydrostatics & Stability**
- **Ship Structures & Finite Element Analysis**
- **Marine/Mechanical Engineering**
- **Electrical & Production Engineering**
- **Construction & Project Management**

To bring Jensen on board for your next project, contact us at (206) 332-8090 or visit our website at [jensenmaritime.com/workboats](http://jensenmaritime.com/workboats).

*Beautiful Designs.  
Efficient to Build.  
Extraordinary to Operate.*
