---	------------------------------	----------------------------------	---------------------------------------	--

Alternate Port/CFS Rule - The following shall govern the transfer of cargo by trucking or other means of transportation at the expense of the Carrier. This rule applies to both FCL and LCL Shipments.

At Carrier's option, shipments may be picked up or delivered at a port/CFS other than the originally intended port/CFS, for transfer to another Port of Loading/CFS, or to the originally intended Port of Discharge/CFS. In no event shall any such transfer or arrangements under which it is performed be as such to result directly or indirectly in any lessening or increasing of the cost or expense which the Shipper would have borne had the shipment loaded or cleared through the port originally intended.
