LIFTING AT THE TERMINAL CONSTITUTES AGREEMENT WITH THE TERMS AND CONDITIONS OF THIS AGREEMENT

Subject to the terms herein, all volumes shall be sold from the designated delivery location, and shall be billed on a net gallon basis at the truck rack and net gallon at the marine header. Marine volume measurements shall be adjusted to 60 degrees Fahrenheit using the volume correction factors prescribed under ASTM D-1250 and updated from time to time. If meters are used, built-in temperature compensators may be employed.
   (b) Buyer agrees to notify Seller immediately when it is made aware of any quality issues with respect to the Product. Any claims for shortage in quantity or defects in quality of the Product must be in writing to Seller within five (5) days after delivery and Buyer shall provide Seller with a reasonable opportunity to inspect, take samples, and test the Product that is the subject of the claim; otherwise any such claim shall be deemed to have been waived.
   (c) The quality of the Product shall be the customary production quality being sold by Seller or Seller’s supplier at the time and place of delivery. Seller warrants that the Product sold to Buyer will meet the ASTM D-910 specification for aviation gasoline 100LL as updated from time to time. The quality of the Product shall be strictly maintained by Buyer, and shall not be adulterated, commingled, or blended with any other products or substances in any manner. After delivery, Buyer shall, at its sole cost, be responsible for all testing and inspection of Product to ensure the quality of the Product.
   (d) Except to extent of any express guarantee, if any, set forth herein, SELLER MAKES NO WARRANTY OF ANY KIND WHATSOEVER, EXPRESSED OR IMPLIED, AND ALL WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND OTHER WARRANTIES OF WHATSOEVER KIND ARE HEREBY DISCLAIMED BY SELLER AND EXCLUDED. IN NO EVENT SHALL SELLER BE LIABLE FOR CONSEQUENTIAL, INDIRECT OR SPECIAL DAMAGES, INCLUDING WITHOUT LIMITATION, EXTRA EXPENSE, LOSS OF PROFITS, LOSS OF USE OF PRODUCT, DELAY OR DAMAGES CONSEQUENTIAL UPON LOSS OF USE WHETHER, INCLUDING WITHOUT LIMITATION, RESULTING FROM NEGLIGENCE OR BREACH OF THIS AGREEMENT BY SELLER AND EVEN IF THE POSSIBILITY OF SUCH DAMAGES IS OR WAS FORESEEABLE BY SELLER.
   (e) Buyer represents that it is familiar with the Product and the characteristics thereof, and subject to section 1(d) herein, assumes all risks whatsoever resulting from Buyer’s (or its customers) handling, storage, sales, transportation, use, misuse or disposal of the Product, whether used singly or in combination with other substances or in any process, including but not limited to, liability for environmental violations and employee or consumer health or safety, and Buyer shall indemnify, defend and hold harmless Seller from and against any and all liability occurring or arising therefrom. Buyer agrees that all Product shall be clearly identified, correctly labeled, and resold under the proper grade.
   (f) Disclaimer: In the case of partial or total interruption of supply, Seller may allocate deliveries on any basis which in Seller's sole and absolute discretion is fair and reasonable, allowing for such priorities as Seller deems appropriate.

2. Purchase Price and Payment
   Buyer agrees to pay Seller the Seller’s posted price for the Product in effect at the time loading commences at the Terminal, without deduction, setoffs or counterclaims of any kind. Any claims of Buyer against Seller with respect to the Product shall be considered separately from payment of the purchase price. In the event payment is not made on time, time being of the essence in this regard, Buyer shall pay Seller daily interest on the late payment at the rate of 1.5% per month or at the maximum rate permitted by law. Credit is subject to credit approval by Seller. Unless and until all payments due under this Agreement have been paid to Seller, Seller shall have no obligation to deliver to Buyer, or allow pick by Buyer of, additional Product, unless Buyer pays for said Product C.O.D. in cash or certified funds.

3. Title and Risk of Loss

For marine vessels at Anchorage, custody shall pass from Seller to Buyer from the Seller’s flange or hose at the marine header (the “Custody Transfer Points”). Title and all risk of loss, cost, damage and injury shall pass to Buyer at the Custody Transfer Point and Buyer assumes all risks and responsibility for any loss thereafter.

Buyer further warrants that it shall only send to the Terminal those employees and other representatives, including third party carriers, acting on behalf of and at Buyer’s direction (the “Buyer Group”) who have been properly instructed as to the characteristics and safe hauling methods required for handling and transporting the Products. Buyer agrees that all Product shall be clearly identified, correctly labeled, and resold under the proper grades. Buyer shall exercise the highest degree of care to avoid any spillage of Product or any injury or harm to persons or property. At all times during Delivery an employee or representative of Buyer shall be in charge, have custody and have control of any vehicle or equipment being used to deliver the Product, and
Seller shall at no time be considered a bailee of or as having care, custody or control of such vehicle or equipment. Buyer shall indemnify, defend, and protect Seller from any and all claims, damages, and disputes arising from the actions or omissions of the Buyer Group.

(c) Buyer shall be solely responsible to determine whether fuel delivery tanks are clean and empty, and suitable to receive and deliver the Product. Seller shall have no responsibility whatsoever to inspect Buyer’s vehicles. If Buyer commingles, mixes, blends, or otherwise adulterates any Product with any other substance or material, or otherwise fails to maintain the quality of the Product in a manner consistent with aviation industry standards as set forth by ASTM D-1250 and ASTM D-910, then (i) Buyer waives the right to make any claim for any Product quality as specified in 1(b) and (ii) Seller may suspend deliveries of the Product or terminate this Agreement immediately upon notice to Buyer.

Buyer is also responsible for providing any tax exemption certificates, where applicable, and for paying all other taxes for which Buyer is liable. Buyer is responsible for all applicable permits and shall pay all applicable fees associated with the purchase and Delivery of the Product, including without limitation any fees or permits associated with Delivery at the marine vessel custody transfer point.

6. Exceptions
No delay or failure by Seller to carry out or to observe any of the terms, provisions or conditions of this Agreement shall be deemed to be a breach of this Agreement if such failure or omission shall be excused by law or if the same shall be caused by or arise out of war, hostilities, acts of the public enemy or of belligerents, sabotage, blockage, revolution, insurrection, riot or disorder, arrest or restraint of princes, rulers or peoples, expropriation, requisition, confiscation or nationalization, embargoes, export or import restrictions or rationing or allocation, whether imposed by law, decree or regulation or by voluntary cooperation of industry at the insistence or request of any governmental authority or person purporting to act under some constitution, decree, law or otherwise, act of God, fire, frost or ice, earthquake, storm, lightning, tide, tidal wave or perils of the sea, accidents of navigation or breakdown or injury of vessels, loss of tanker tonnage due to sinking by belligerents or to governmental taking, whether or not by formal requisition, accidents to or closing of harbors, docks, canals, channels or other assistance to or adjuncts of shipping or navigation, epidemic, quarantine, strikes or combination of workmen, lockouts, or other labor disturbances, explosion, accidents by fire or otherwise to wells, pipes, storage facilities, refineries, installations, machinery or other facilities, unavailability of Product or materials or equipment, or any event, matter or thing wherever occurring and whether or not of the same or kind as those above set forth, which shall not be reasonably within the control of Seller.

8. Pollution Prevention and Responsibility
In the event a spill, escape or discharge of oil or other product occurs during Delivery and causes or threatens to cause pollution damage ("Spill"), Buyer shall promptly take whatever measures are necessary to prevent or mitigate such damage. Seller may, but is not obligated to, undertake any measures that are, in its sole discretion, reasonably necessary to prevent or mitigate the pollution damage. Any and all costs or expenses incurred as a result of any measures so taken shall be at the Buyer’s expense. Buyer shall be responsible to indemnify, defend and hold harmless Seller from any and all claims, costs, expenses, cleanup costs, fines, losses, penalties, damages or other liability incurred by Seller as a result of the Spill. This duty to indemnify, defend, and hold harmless shall be owed to Seller without regard to the negligence or fault of Seller, except to the extent the negligence or other fault of Seller is a proximate cause of the Spill, in which case Seller shall be responsible only for reasonable costs and expenses attributable to that portion of the Spill.
