Rule Name:	Maximum Gross Weight			

Shipper or his agent shall not tender any trailer to the carrier without a certified scale ticket. In the absence of a certified scale ticket, carrier shall proceed to the nearest certified scale in order to certify the weight of the trailer and its contents.

All loads must be within Federal and State regulations (US and Offshore). Any permits, fines, detention charges, or other expenses incurred that have not been specifically included in the rates will be for the account of the contract holder.

In the event the trailer and its contents exceed any federal, state and/or municipal weight laws, the carrier shall notify the shipper, who shall be responsible for the transloading of the cargo plus all fines and penalties to that point. If shipper or his agent instructs carrier to continue transportation without transloading the cargo, the shipper or his agent shall be responsible for any subsequent fines and penalties.
