General FAK, such as MRE's, water, uniforms, vehicles, and other military supplies to support the warfighter. The current DFTS contract does not include Arms, Ammunition, and Explosives (AA&E) or Transportation Protective Services (TPS).

INSTALLATION ACCESS REQUIREMENTS

Crowley manages requirements ranging from background checks to vehicle inspections to condense variance between time at gate and arrival at dock. DoD gate access protocol are streamlined through the US General Services Administration (GSA) Electronic Physical Access Control Systems (ePACS). For the latest overview, visit the www.gsa.gov site, and search for ePACS.

PAYMENT TERMS

48 hours from POD acceptance. Fee for payment is variable and based on current prime interest rate.

SMALL BUSINESS SET ASIDES

For transportation related NAICS codes, the U.S. government classifies small business as annual revenue under \$30M. If you qualify as a certified small business, connect with us on the Crowley site to become a part of our Small Business Company supplier team, www.crowley.com.
