Dear Mr Thomas

I am pleased to inform you of my decision under section 69(1)(a) of the *Environment Protection Act 2019* (EP Act), to accept the Northern Territory Environment Protection Authority's (NT EPA) draft environmental approval and grant approval to Crowley Australia Pty Ltd for the Project Caymus Bulk Fuel Storage Facility at East Arm, Darwin.

The proposed conditions of the NT EPA have been adopted. Attached is a copy of the Environmental Approval (number EP2021/008 – 001) and a Statement of Reasons for my decision.

The Environmental Approval and Statement of Reasons must be published under section 82 of the EP Act, and in the public register under regulation 282 of the Environment Protection Regulations 2020, as soon as practicable after it is granted. I anticipate this will be within five business days of the Environmental Approval being granted.

The Environmental Approval is the first to be granted under the EP Act and I will make a media announcement to mark this significant milestone. Staff from my office will be in contact with you to ensure the timing of any public announcements between our offices are appropriately coordinated.

Yours sincerely

EVA LAWLER
