

Crowley Logistics, Inc. Org 015721 Tariff 003	Date Filed: August 24, 2023	Date Effective: August 24, 2023	Rule 33 Marine Cargo Insurance	Revision: 7th Revised Publishing Code: R
--	--	--	---	--

Marine Cargo Insurance

Applicable to all LCL or FCL shipments between United States and all ports & points listed in the scope of this tariff.

Marine cargo insurance, under Crowley Logistics Inc.’s open cargo policy, will automatically be applied unless the account of cargo denies coverage. Customers who opt out of coverage should do so in writing to the Carrier.

Applicable Between Continental U.S. and Caribbean, Latin America, Puerto Rico, Cuba Points & Ports listed in the scope of this Tariff (See Exceptions): This coverage shall apply per the commercial invoice value on Prepaid or Collect shipments originating from the U.S. for a charge of US \$1.00 per \$100 CIF Cargo value per shipment, subject to a minimum charge of \$30.00.

Exception: Applicable Between Continental U.S. and Virgin Gorda: This coverage shall apply per the commercial invoice value + shipping cost originating from the U.S. for a charge of US \$1.30 per \$100 Cargo value per shipment. There is no minimum charge for insurance to Virgin Gorda.

(For Informational Purposes Only) Applicable For Global Business (F2F): This coverage shall apply per the commercial invoice value on Prepaid or Collect shipments originating from its Global Business (F2F) for a charge of US \$1.00 per \$100 CIF Cargo value per shipment, subject to a minimum charge of \$30.00.

Coverage provided by the policy is subject to various exclusions, conditions, and warranties; customers are urged to review these provisions carefully to determine the extent of coverage. A copy of the insurance policy is available upon request.

CIF Cargo Value Definition - For the purposes of computing Marine Cargo Insurance Charges, the definition of CIF Cargo Value shall be 112% of the Invoice Value + the Shipping Cost. **Exception:** Shipments to Virgin Gorda; the calculation to be used is Cargo Value + Shipping Cost.
