

TWB-04522

45' x 22' Workboat

Upon completion in 2015, the tier 3 compliant workboat *Bernardine C* went to work dredging Huntington Harbor as the rig tender to the derrick barge *Ben Weston*. Her unique design and layout provide value across all work-boat tasks, including rig tender, anchor handler, and assist boat. With a draft that allows her to work in shallow harbors, this little workboat has the attributes of a boat twice her size.

Crowley's engineering services team delivers a full range of marine and engineering solutions. This includes detail and conceptual design, shipyard management, and on-site consulting services for all types of marine projects anywhere in the world. Our vessel design and marine engineering services are both extraordinary and cost effective. No matter the size and scope of your marine project, our professionals will help you achieve your objectives in the safest and most efficient manner possible.

Vessel Specifications

Overall Dimensions

Length	45'-0" (13.7 m)	Horsepower (total)	1000 HP (746 KW)
Breadth	22'-0" (6.7 m)	Fuel Capacity	6,026 gal (22.8 m ³)
Depth	9'-4" (2.8 m)	Gross Tonnage	39 (Simplified)
Draft	6'-0" (1.8 m)	Crew	3
Propulsion	Twin Screw	Class	N/A
Main Engines	Diesel, Tier 3
