

AT-11847 B-0000

118' x 47' ATB Tug

This 118' x 47' ATB Tug is a next generation articulate tug in Crowley's long history of successful tug designs. The vessel is laid out to accommodate a variety of propulsion packages, both conventional and Z-drive (as shown here). The baseline Z-drive configuration comes equipped with 4,248 horsepower and twin Schottel 1515 drive units.

The generous accommodation spaces are laid out in a simple plan, providing easy access and escape paths. Berthing accommodates up to fifteen crew members & supernumerary personnel. The raised pilothouse provides 360 degree visibility over the associated barge, with deep visor and angled windows to reduce glare.

Overall Dimensions

Overall Length..... 118'-0"
 Breadth 46'-6"
 Depth..... 21'-10"
 Speed 10 knots with barge
 Fresh Water 27,000 gal
 Fuel 158,000 gal
 Berths 15

Main Engines 2 x 2124 HP,
 EPA Tier 3
 Propulsion 2 x SRP1515
 CPP Schottel Z-Drives
 Classification ACCU, ABS, A1,
 Towing Vessel, AMS, Load Lined, Fire
 Fighting Vessel Class 1 (optional), USCG
 Subchapter M Compliant
