

Crowley Liner Org 025816 Tariff 001	Date Filed: 5/15/2018
Rule Name: VEHICLES - UNIFORM WEIGHTS AND MEASUREMENTS	Date Effective: 6/14/2018
	Revision: Original Publishing Code: I
<p>1. In the computation of charges for the transportation of vehicles, the cubic measurements will be those prescribed by the manufacturer of the particular make and model.</p> <p>2. Vehicles whose manufacturer measurement is not available, shall be individually remeasured by the carrier for rating purposes.</p> <p>3. Vehicles which, because of added accessories or equipment, vary in dimensions from the Manufacture's Measurements shall be individually remeasured by the carrier for rating purposes. The fact that such vehicles were individually measured by the carrier and that actual variation from the standard measurement (in cubic feet) shall be noted on the bill of lading.</p>
